Mark – WDNR suggests an online Skype meeting so that we can share and discuss documents. I can set that up on our end but wanted to check with you first on whether that will work for EPA attendees. Please let me know what you think. Jim

We are committed to service excellence.

Subject: RE: Conference call to discuss storm water issues

Greetings,

A stormwater conference call on Thursday Aug. 24 from 10:30 am to noon works well with the schedules of the concerned EPA staff. To facilitate the call, EPA has reserved a conference line (details below). If people who should be included in the conference call are not included in this email, please forward them the information. We look forward to a productive conversation next Thursday.

Thank you,

Mark

Subject: Conference call to discuss storm water issues

Kevin – WDNR would like to set up a conference call with EPA R5 the week of Aug. 21 to discuss a proposed path forward to resolving the remaining storm water issues in the EPA 2011 75-issues letter. WDNR participants anticipated are cc'd on this email. We are currently holding Monday Aug. 21 from 3:00 to 4:30 or Thursday Aug. 24 from 10:30 to noon for the call. Please let us know which date will work on your end and invite EPA staff to participate as you see appropriate. Since I will be on vacation next week, please reply all so that the others at WDNR are in the loop on what's decided. Thank you. Jim
